Etienne, R. S., H. Morlon, and A. Lambert. (2014). Estimating the duration of speciation from phylogenies. *Evolution* 68:2430–2440.  
<https://doi.org/10.1111/evo.12433>

Equation (1) in Etienne et al. (2014) contains an error. The term  $1 - g(T)$  should be replaced by  $g(T)$ , and  $g(x_j)$  should be replaced by  $1 - g(x_j)$ .

All computations in this article were done with the correct formula, so it has no consequences for the results of this article.
